Our school strategies are showing substantial progress toward our targets

After reviewing our *Great Results Guarantee* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- A process in place to identify at risk students and analysis of NAPLAN data and short term data cycles and to give them individual “boost” lessons.
- A set of data collection tools and timelines are implemented across the school.
- Implementing the Early Start Data in the context of Distance Education.
- Ensure the intent of GRG guarantee are a clear part of performance framework discussions.
- Individualising student goals and learning through individual reading and feedback sessions.
