Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...

- ➔ Review the school improvement agenda as shown in the blue football and make changes where required to clarify and sharpen the Explicit Improvement Agenda (EIA).
- ➔ Review and ensure coverage of the AC for all banded and non-banded learning areas including online and offline support materials for students and home tutors.
- ➔ Complement year level PLCs with vertical teams that analyse and align curriculum expectations, pedagogical practices and differentiation.
- ➔ Deepen Quality Assurance (QA), confidence and rigour of key pedagogical practices across the school through further promotion of peer observations, coaching and modelling.
- ➔ Build teacher capability in best practice high-yield differentiation practices to meet the needs of all students including students with diverse and complex learning needs.
